

**APPLICATIONS OF
NYLON COATED WIRE**

NYLON COATED WIRE

ADVANTAGES OF OUR WIRE

- 1* It can be dyed with any colour  Special Feature
- 2 Better adhesion of nylon with smooth and bright finish.
- 3 Uniform tensile strength of wire.
- 4 Manufactured according to European standards.
- 5 Nylon coated wire is about 10 to 12% lighter in weight due to correct core diameter of the wire.
- 6 Rust preventive.

		Tensile strength					
Coated wire	Raw wire	In N/mm ²			Kg / mm ²		
Dia in mm	Dia in mm	Min	Max	Ideal	Min	Max	Ideal
0.70	0.62	725	825	775	75	85	80
0.80	0.72	725	825	775	75	85	80
0.90	0.82	725	825	775	75	85	80
1.00	0.92	700	800	750	72	82	77
1.10	1.02	675	775	725	69	80	75
1.20	1.12	650	750	700	67	77	72
1.30	1.22	625	725	675	64	75	69
2.00	1.90	475	575	500	49	54	52

Note - Dimensional Tolerance +/- 0.02 mm

Standard Colour :-

Black & White (other colours available on request)

Standard Packing:-

400-500 kg taper bobbins fixed on wooden pallet

Non-standard packing:-

- 1) 10-15 Kg plastic bobbin
- 2) 40-45 kg plastic bobbin
- 3) 20-30 Kg Coil

APPLICATIONS OF NYLON COATED WIRE

- Double wire loops
- Spiral wire
- Calender Hanger
- Hook & Eye
- Bucket Handle
- U Clips
- Hair Pin

Our products :

- Nylon coated wire
- Double wire loops
- Nylon coated hangers
- Stitching wire
